H10

RUGGED DATA COLLECTOR

H10 is SOUTH new generation professional Android controller. It is installed Android 11 OS and numeric keypad.

H10 as an Industrial controller has rugged cover which reaches to IP68. The device is waterproof and 1.5m drop proof, your data will be protected and the reliability of the device in the most challenging environments. In addition, the 7000 mAh Li-ion battery fulfills the long time working time need.

Integrated with various sensors, like NFC, gyroscope, E-compass, G-sensor, etc. New generation Bluetooth V5.0 working distance is more than 20 meters, the advanced WIFI module makes the working range up to 30 meters in good condition.

SPECIFICATIONS

SYSTEM	
Operating system	Android 11
CPU	Snapdragon 460 8 cores
RAM	3GB
ROM	32GB
Storage extension	Support 128GB extension
COMMUNICATION	
USB	Type-C, support OTG
WiFi(WLAN)	IEEE 802.11a/b/g/n, 2.4G/5G
Bluetooth	V5.0
PHYSICAL	
Display	5.5 inches capacitive touch screen (720×1280 dpi)
Audio	Integrated speaker, microphone
Camera	13.1 megapixel camera with auto-focus
Flash light	High light Flash LED
Gyro	Support
NFC	Support
G-Sensor	Support
Compass	Support
GNSS	GPS/GLONASS/BDS/GALILEO/QZSS
POWER	
Battery Capacity	7000mAh
Stand-by Time	200 Hrs
Operating Time	12 Hrs
ENVIROMENT	
Waterproof/Dustproof	IP68
Shockproof	1.5m
Operation temperature	-30°C~+60°C
Storage temperature	-30°C~+70°C
PHYSICAL PROPERTY	
Size	235mm*90mm*35mm
Weight	520g
